

SOUTHGATE

154 Central Park South, New York City

The name SOUTHGATE speaks to the restaurant's location at the southernmost part of Central Park. There are 20 gates to the park, the names of which were chosen more than 150 years ago by the park's commissioners to welcome visitors of all backgrounds and professions.

SOUTHGATE Bar & Restaurant offers a variety of unique, delicious flavors in an upscale yet inviting atmosphere. The American menu focuses on locally sourced ingredients, complemented by a generous selection of libations. Located in the heart of Manhattan, the Central Park bar offers spectacular views, a cozy fireplace and a talented staff of first-rate chefs.

James N. Davella was responsible for providing design and project management support for the general contractor while employed by SDC.
